# JK-5000

## Automatic Strapping Machine

### ■ Fast!

At the rate of up to 37 straps/minute the JK5000 is 32 % faster than a comparable StraPack JK-5.

### ■ Economical

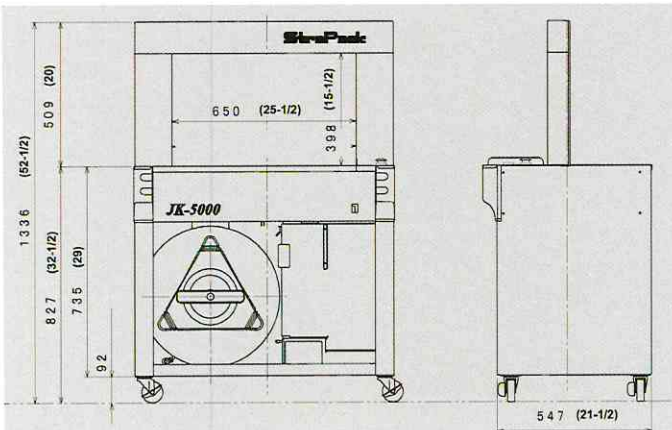

The JK5000 is priced so that customers with moderate strapping needs can afford a full featured quality arch machine.

### ■ Automatic Refeed

If a feed error occurs the refeed function automatically feeds the strap again and if successful initiates another cycle to automatically complete the strap.

### ■ Energy Saving

To conserve energy and reduce wear, the JK-5000 automatically shuts off the motor while maintaining proper heater temperature when it has not been cycled for 30 seconds. Depressing the Start Button re-starts the motor and applies the strap.

### ■ Standard Specifications

Dimension	Width	921 mm	36-1/4 in.
	Height	1336 mm	52-1/2 in.
	Depth	600 mm	23-5/8 in.
	Weight	115 kg.	255 lbs.
Table Height		827 mm	32-1/2 in.
Standard Arch Size		W 650 X H400 mm	W 25 X H 16 in.
